

## PreK - Grade 3 Online

### Eligibility and Enrollment Process

Online Family Program courses are at the **Amber Tier** for eligibility, which is open enrollment. There are **no** test scores, or further documentation required for participation. Please note that successful completion of a CTD Online Family Program course does not pre-qualify students to enroll in future classes outside of the **Amber Tier**.

The Online Family Program welcomes applications from any interested student. You can access the application online at [my.ctd.northwestern.edu](https://my.ctd.northwestern.edu).

### Application Deadline

Applications must be **complete one-week prior to the start** of the class. Applications completed after the deadline may be reviewed on a case-by-case basis.
